Residential on 0.18 Acres

VILLAGE OF RIVER HILL, Columbia, MD

Featuring the opportunity for main-level living, this is a rarely-available home with a primary bedroom suite on the main level that is not in an age-limited neighborhood! You'll appreciate the front gardens, the open floor plan, and the care that the original owners put into this property. Enjoy the living room with its vaulted ceiling and views of the back yard and open space beyond, and the formal dining room. The kitchen with its sunny, full-bay breakfast area overlooking the deck has updates done during the past 8 years, including upgraded appliances and extensive cabinets. A den is located just off the front foyer for a quiet and convenient retreat. The laundry/mudroom (washer and dryer 2021) is just off the kitchen. And the primary suite includes a bright bedroom with walk-in closet, and an updated bathroom with double vanity and walk-in shower. Upstairs, two of the three bedrooms have walk-in closets, and the full bath has a tub/shower combination and a double vanity. The walk-out basement has sliding glass doors to the rear yard, and has been a terrific workshop and hobby space. An accessory gas stove with tile surround is installed for extra basement coziness and conveys as is since rarely used. The house includes owned solar panels, an EV charger (2024) in the double garage, central vacuum, an updated electrical panel (2024), and a hybrid water heater (2024). The roof was replaced with 50-year shingles in 2016. Seller reserves the right to request that buyers get a second

opinion from lender of seller's choice.
